HP 2711x 27" LED Monitor

Maximize your home PC experience with our 2711x 27" LED Monitor. You'll enjoy movies, photos, on-line¹games, and streamed shows on your PC in brilliant color on this ultra-slim, energy-saving monitor.

 HP 2711x 27

Superior technology

- **Go ultra-slim:**LED backlighting reduces the number and overall size of the components
- **See the detail:**get deep blacks, brilliant color, and clarity with the ultra-high dynamic[contrast ratio](#)
- **Switch on/off**faster than with a CCFL (standard) monitor

Spacious and spectacular

- **Expand your view**of Web pages, videos, and documents; see two application Windows at once on the 27" LED screen

- **Immerse yourself** in cinema-like movies and realistic on-line gaming with the Full HD² 1920 x 1080 resolution
- **Minimize blur** in sports broadcasts, action movies, and on-line games with the 5 ms on/off response time
- **Reduce glare** and sharpen images with the BrightView technology

Sleek design, enhanced features

- **Save space** and complement your HP desktop or laptop PC with the stylish, ultra-slim design (about 1" deep)
- **Connect** to your HP desktop or laptop via VGA, HDCP-supported [HDMI](#), or DVI-D input
- **Find the best** viewing position with the tilt adjustment and ability to slide from left to right

Eco highlights

- **Help protect the environment:** this model is ENERGY STAR[®] 5.0 qualified and EPEAT Silver registered
- **Lower your impact** on the environment with the mercury-free LED backlighting
- **Be eco-conscious** with the arsenic-free display glass³, recyclable plastic parts, and recyclable packaging

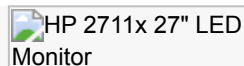

First-class warranty and support

- **Get peace of mind** with the one-year limited warranty plus real-time chat and e-mail response in about an hour
- **Find answers** to product questions online, 24 x 7, at our Consumer Support Forum, hp.com/support/consumer-forum

1. Internet access required, sold separately.
2. HD content required to view HD images.
3. Arsenic and its compounds were not detected using US EPA Test Methods 3052 and 3052/6010b by ICP or ICP-AES.

What's in the box?

- Monitor
- External power supply
- Power cable
- VGA cable
- DVI-D cable
- Cable clip management
- CD with instructions
- Warranty card

LG D2342P-PN

NEXT GENERATION 3D MONITOR

With lightweight, battery-free glasses, and 3D picture quality that is clearer and brighter, the LG D2342P Cinema 3D monitor brings movie theater 3D effects to your desktop. Experience a new dimension in 3D gaming and enjoy your favorite 2D content converted to NEXT GENERATION 3D MONITOR 3D right in the comfort of your own home. Welcome to the next generation of LG 3D.

LESS COMPLICATED. MORE COMFORTABLE

With lightweight, battery-free glasses, and 3D picture quality that is clearer and brighter, the LG D2342P Cinema 3D monitor brings movie theater 3D effects to your desktop. Experience a new dimension in 3D gaming and enjoy your favorite 2D content converted to 3D right in the comfort of your own home. Welcome to the next generation of LG 3D.

CLEARER, BRIGHTER, SHARPER 3D

With 3D Effect Mode, LG Cinema 3D technology creates an even brighter and clearer 3D picture with especially calibrated settings optimized for 3D viewing. LG's 3D monitors also produce exceptionally clear and vivid images in 2D. Seeing really is believing.

BIG FUN. BIG SAVINGS.

With 3D Effect Mode, LG Cinema 3D technology creates an even brighter and clearer 3D picture with especially calibrated settings optimized for 3D viewing. LG's 3D monitors also produce exceptionally clear and vivid images in 2D. Seeing really is believing.

MORE **IN 3D**

Need even more 3D content? LG's 2D to 3D conversion function enables the enjoyment of a 3D effect even without original 3D content. See your favorite standard 2D images, games or movies in 3D. Note: 2D to 3D conversion requires install of included software.

YOU WON'T BELIEVE **YOUR EYES**

LG's SUPER LED Backlighting technology provides a slim profile and delivers amazing brightness, clarity and color detail in both 2D and 3D, as well as greater energy efficiency compared to conventional monitors.

PICTURE **QUALITY MATTERS**

This stunning picture is the reason you wanted HD in the first place. With almost double the pixel resolution, Full HD 1080p gives it superior picture quality over standard HD resolution. You'll see details and colors like never before.

GET **CONNECTED**

Get deeper colors, take advantage of full HD and connect 3D devices experience with HDMI connectivity even without a PC. LG CINEMA 3D monitor makes it possible to view 3D content, whether from a game console, blu-ray disc™ player, set-top box or another source. Prepare yourself for tomorrow's technology today.
