

X-Box One

Xbox One's exterior casing consists of a two-tone "liquid black" finish; with half finished in a matte grey, and the other in a glossier black. The design was intended to evoke a more entertainment-oriented and simplified look than previous iterations of the console; among other changes.

It is powered by an AMD "Jaguar" Accelerated Processing Unit (APU) with two quad-core modules totaling eight x86-64 cores clocked at 1.75 GHz, and 8 GB of DDR3 RAM with a memory bandwidth of 68.3 GB/s. The memory subsystem also features an additional 32 MB of "embedded static" RAM, or ESRAM, with a memory bandwidth of 109 GB/s.

Product Id: 248

CODE: L25710DER9

Category: X-Box One

Price: \$372.27

Vendor: CS-Cart

In Stock: 1

Popularity: 36303

SEO name: x-box-one

Rating: 4.33
